# DELTA BRINGS YOU NEW LUXURY!

In keeping with a policy of providing at all times the finest service possible across the Trans-Southern Route, Delta Air Lines proudly presents its new fleet of Douglas Airliners. Embodying the results of the combined skilled efforts of engineers, technicians and interior decorators, these ships offer a luxurious means of transportation

best described as, "The Tops In Travel."

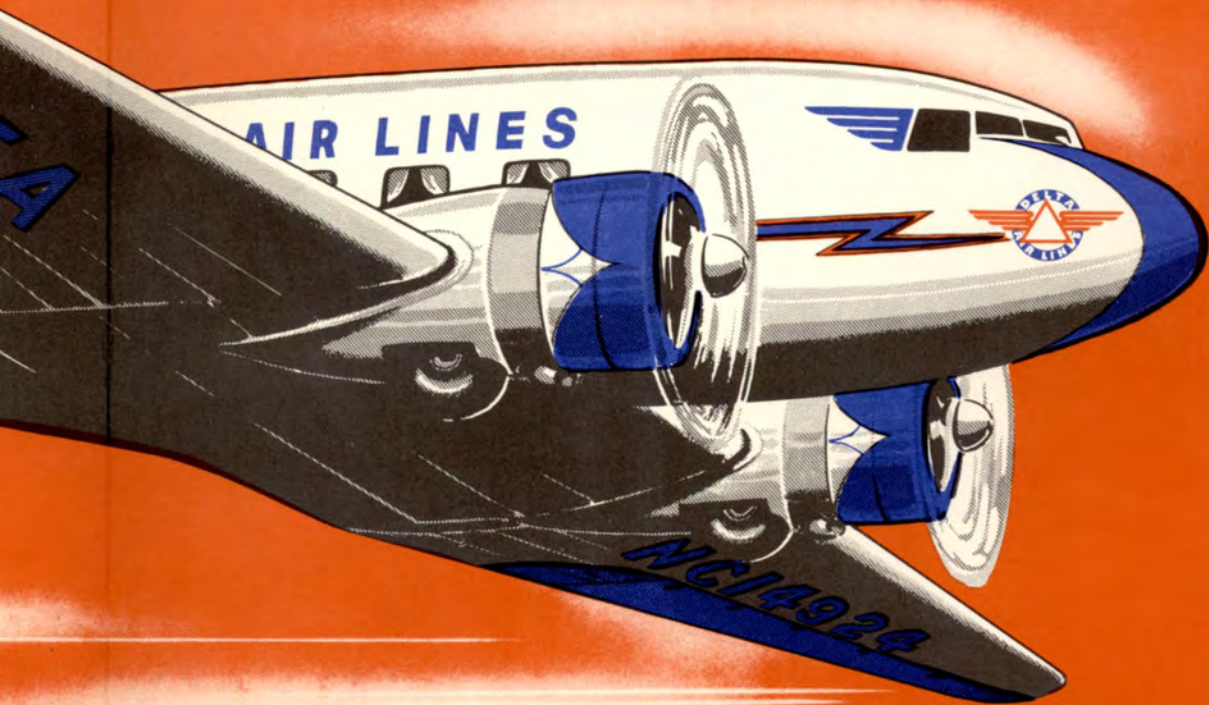

The new luxury and comfort of this improved service will be available at no increase in fares . . . Delta's economical rates will still prevail. Delta Air Lines' personnel will be happy to provide you with additional information.

## Plane FACTS

- ★ Interiors finished in soft tan and rich maroon with full carpeted floors.
- ★ Larger, deeply upholstered chairs.
- ★ Delicious individually prepared meals served with our compliments from a completely equipped buffet by an attentive stewardess who is ever alert to your comfort.
- ★ In the scientifically sound-proofed, spacious cabins, read, relax, smoke, or, if you wish, walk around—there is ample headroom, even for "six-footers."
- ★ On a Delta Douglas you are a guest, the traditional spirit of Southern Hospitality still prevails.
- ★ Nothing short of an actual flight can convince you of the delightful experience which awaits you when you board a Delta Douglas.

## NEW Stewardess SERVICE

Introducing the third member of our flight crew,—the Stewardess.

Headed by a chief stewardess with four years of air-line experience, Delta presents its stewardess staff, a member of which is assigned to all Douglas flights.

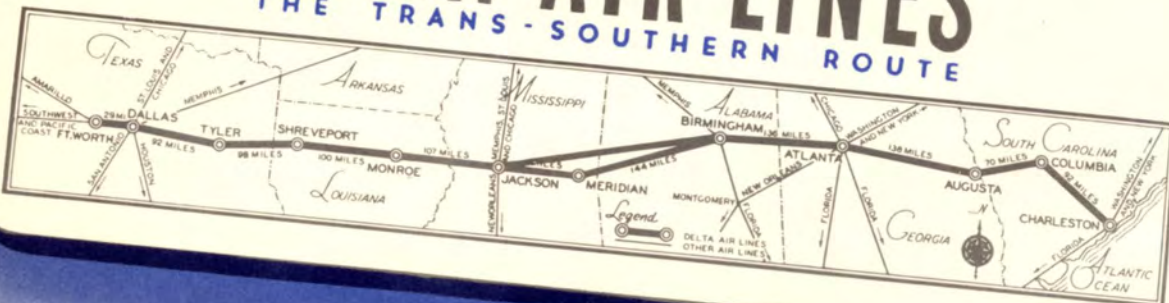

A pressure on the call button by your chair, the soft musical note of a chime and, presto!—one of these young ladies (all of whom are registered nurses) will appear to serve you, be it a cup of bouillon, a cool drink, writing pad, reading material, a pillow or a lap robe.

They will all welcome the opportunity of serving you.
